CITY OF SANTA BARBARA ADVISORY VOTE ONLY		
<p>A ADVISORY ELECTION. - THE RESULTS OF THIS ELECTION SHALL NOT BE BINDING UPON THE CITY COUNCIL. THE SOLE PURPOSE IS TO GIVE THE CITY COUNCIL THE VIEWS OF THE VOTERS ON THE FOLLOWING ISSUES:</p> <p>Following study and public hearings in April 1975 and based upon an analysis of the potential future impact of various levels of population on the City's resources (water, air quality, sewer, open space, streets, and parks), the City Council adopted amendments to the City's General Plan and Zoning Ordinance which allowed all private property in the City to be developed, yet limited the level of development so that when the City is completely developed it will have a population of approximately 85,000 persons. This population was selected because it allows the utilization of all remaining undeveloped land, but would have the least impact upon the City's resources, preserve the quality of life, and still allow the delivery of municipal services at a lower economic cost than that necessary to sustain a population higher than 85,000. At the same time it remains the stated policy of the City Council to encourage an adequate supply of housing for all income levels of its population.</p>		
A-1	Do you support these General Plan and Zoning Ordinance policies made by the City Council?	YES
